

Describe human disturbances to this marine environment and their potential impact.

---

---

---

---

---

---

---

---

Based on your data and observations, what can you say about the water quality at this location and why?

---

---

---

---

---

---

---

---

What other information would help you make a decision about the water quality?

---

---

---

---

---

---

---

---

What measures, if any, could be taken to improve the water quality and/or habitat at this location?
