Partner	Role
_____	_____
_____	_____
_____	_____
_____	_____

A team of 4-H Wildlife Stewards assigned to work with your school has been screened and approved to participate in this project. Each trained 4-H Wildlife Steward will be asked to give 50 hours of volunteer service to their assigned school.

How many hours do you estimate utilizing the 4-H Wildlife Stewards in your project?

- _____ co-teaching environmental education classes with teachers
- _____ assisting in developing of short-term and long-term goals
- _____ assisting in selecting plants for the habitat
- _____ assisting in identifying resources and curriculum for the wildlife habitat
- _____ working with students and teacher to plant the habitat
- _____ arranging and/or conducting in-service training for teachers and staff
- _____ teaching gardening skills
- _____ other _____

I have read and reviewed this school profile. I understand that 4-H Wildlife Stewards Volunteers who have been screened and approved by the OSU Extension/4-H Program will be assisting teachers, parents and students at my school to create, use and sustain a Habitat Education Sites on school grounds. I understand the following expectations.

4-H Wildlife Stewards Member Schools will be expected to:

- Commit 3-5 years to the project
- Get school district approval
- Complete a 4-H School Enrollment to enroll participating students as 4-H Junior Wildlife Stewards
- Ensure that the project is a student project
- Provide meaningful volunteer opportunities for 4-H Wildlife Stewards
- Recognize OSU Extension 4-H in all promotional information
- Work toward 4-H Wildlife Steward School Advancement certification
- Assist in identifying parents and teachers to participate in the project
- Identify and secure additional resources and tools for the project
