

Beef Program with Top-Notch Speakers

March 31st, Crook County Extension Office, 1:30pm

Biosecurity to Increase Herd Health, Speaker Dr. Dale Grotelueschen

Dr. Dale Grotelueschen is a senior veterinarian with the beef cattle veterinary operations group in Pfizer Animal Health. Prior to joining Pfizer, he was with the University of Nebraska for 16 years where he served in Veterinary Extension and Diagnostics and as Director of the Panhandle Veterinary Diagnostic Laboratory, Scottsbluff. He served in private veterinary practice for 11 years. His primary interests include beef cattle production management and diagnostic investigations involving beef cattle, such as beef quality assurance, neonatal calf diarrhea, bovine viral diarrhea virus, and factors influencing feedlot morbidity and mortality.

Control and Prevention of Trichomoniasis in Oregon Beef Herds, Dr. Julie Weikel

Dr. Weikel is the Oregon Department of Agriculture Field Veterinarian for much of Eastern and Southern Oregon. She has had first hand experience with outbreaks of Trichomoniasis in this part of the state. Please join us for an update on this disease and for tips on how to control and prevent the spread of this disease.

Dairy Goat Production Class by Tumalo Farms

April 2nd, Redmond Library, 6:00pm

Tumalo Farms has graciously agreed to engage you in conversation about dairy goat production and farm management. This is your chance to ask questions and exchange ideas with one of the premier artisan cheese producers in Oregon. Check out their website at www.tumalofarms.com. Please phone Crook County Extension Office at 541-447-6228 if you wish to participate by March 28th, seats are limited.
