## Tree School on the Umpqua is June 19, 2008

Tree School is back in Douglas County and will be held Thursday, June 19, 2008, on the campus of Umpqua Community College just north of Roseburg. This mini-college features 30 classes on a wide variety of topics of interest to family forestland owners, professional foresters, loggers, arborists, teachers, and the general public.

The day-long event offers classroom and field sessions taught by Extension foresters, professional foresters, and other resource management professionals. Classes vary in length from 1.5 to 3.5 hours and you can participate in up to four over the course of the day.

During breaks and lunch you will want to check out the on-site portable sawmill demonstration and visit our vendors. Snacks and a great lunch buffet are included in your registration to keep your energy level high!

**Registration must be done in advance by June 6 (no walk-ins allowed)**, so act now to reserve your spot in this fun and informative forestry program. The registration fee is just \$40 per person. Bring the family so you can take advantage of as many class offerings as possible. Tell your friends, neighbors, and others about Tree School.

This brochure also includes information on many other Extension programs and upcoming classes. Please see pages 10-15 for details.
