

## Lincoln County Master Gardener™ Service Summary Form Year 2008

It's time to show the people who allocate the money why they need to fund the Extension Service and the Master Gardener™ Program. If we don't tell them how much we do, there won't be any money! If you didn't keep track of your hours, then please estimate them.

**This is important. Please fill out this form and return to Kathy Buisman  
OSU Extension Office, 29 SE 2<sup>nd</sup> Street, Newport, OR 97365

**Community Contacts:**

We all answer many gardening questions throughout the year from friends, family, neighbors and community members. It may be difficult to estimate a number of hours that this takes. Instead make an estimate of how many of these community contacts you made during the year.

# of Community Contacts \_\_\_\_\_

Our Master Gardener program continues to expand and attract the attention of community leaders and members alike. This is due to your commitment to quality education and advising during your volunteer time.

Thank you for your efforts.
