Leading the Change Reflections 2013-2014

“On these two days that I have attended “Leading the Change”, I have learned so much. Learning ways to help out the world as well as how to work in groups. I like it because it shows us young adults how to have a better future with the decisions we make, and to also help out in our community.”

“I really enjoyed Leading the Change 2013 because I got to create a project that I am passionate about. It is a great thing to be able to work cooperatively with others who are also passionate as well.”

“On these two day I learn a lot from this program, like helping others, and how to community to other people. I really like about this program “Leading the Change” is that we can help people and make the better environment.”

“I enjoyed the conference because my group was really productive, and our project has a lot of positive impacts in the community. I couldn’t be happier,”

“I had a great time here and I had fun because I got to learn more about my community and how to get involved. I’m glad to be able to start a community project to help teens.

I’m excited to begin the project with my group. I want to also get involved with more things that the OSU and YES and 4-H club. I’m happy to begin helping the teens that will be involved in the project, and help teens get back on track with their life.”

“Today was an overall great learning experience. I can not wait to see how successful (or not) our project is.”

While at the conference my group came up with/agreed upon the idea of teaching elderly the ways of the interwebs. I really enjoyed how everyone is willing to do whatever they can in order to be involved in the community.”

“Through weary before the conference, I’m glad I came. All in all, I feel as though I got to not only bond more in depth with both new and old friends and come together to try and make a change. My favorite part would have to be watching Jared present; he is very good at it. I even enjoyed presenting.”

“I found these past 2 days to be very informative. Also I enjoyed learning about all the projects we can do for CEI. Another thing I enjoy was how flexible the groups are which allowed me to collaborate with my teammates more.”
