As a high-risk event, jumping at county fair should not be taken casually. If this is your first year over fences, the trot-a-course is strongly encouraged. It is also suggested that you show one level below where you are currently schooling. For example, if you have just begun jumping 2'6", sign up for the 1'6" - 2'3" class. This will help to insure that you will have a successful, safe and fun equitation over fences course.

Please check ONE Equitation class (beginning or advanced) and circle whether you are a junior, intermediate or senior. All may enter trot-a-course in addition to one other over fences class. Only Intermediates and Seniors who earn 85 or above in 2'3" - 2'9" will be eligible to participate in state fair jumping. Note: County and state rules do not permit juniors to compete at or above 2'3" (see Contest Guide).
