2010 DIRECTORY OF PACIFIC NORTHWEST GOAT PRODUCERS
Published by the WSU Goat Production Team

WASHINGTON STATE UNIVERSITY EXTENSION
The WSU Extension Goat Production Team hopes you find this directory of PNW meat goat producers helpful. Our mission is to meet the educational needs of goat producers and help farms become a profitable and sustainable source of high-quality food for the public.

We have many educational resources available for goat producers including publications, books and newsletters. Team members also conduct educational workshops, give presentations and answer questions to meet your educational needs. Refer to the inside back page of this directory for a list of team members.

A bi-lingual, bi-monthly newsletter called *The Kidding Pen* is available at no charge to interested goat producers. To subscribe and receive a hard copy or electronic version, contact:

Dr. Susan R. Kerr
