

2009 Washington County Fair 4-H Science Competition

- **Who:** Middle School Students (currently enrolled 6th, 7th or 8th grade level)
- **What:** Science & Technology Competition
- **When:** Tuesday July 28th
- **Where:** Washington County Fairgrounds in Hillsboro
- **Why:** To foster Science & Technology Education and Innovation

Students in grades 6-8 who enjoy science fair competition should enter the county's newest event, the 2009 Washington County 4-H Science Competition. Just like the fair at your school or at Northwest Science Expo, students will compete in 7 categories and the winners will exhibit at the Oregon State Fair.

Students may compete as individuals (1-3 participants) or teams (4-10 participants). They can even use the projects they worked on in school this year or start a new one.

Interested students should

1. Complete a Registration Form prior to June 26, 2009. (on the web at http://extension.oregonstate.edu/washington/4h/science_fair)
2. Complete and return a Project Entry Form with more details about your proposed methods prior to July 10, 2009 along with a \$5.00 entry fee. (http://extension.oregonstate.edu/washington/4h/science_fair)
