Metro Update. Our Metro Councilor for District 4, Kathryn Harrington, will visit us to provide an update on how Metro and their regional partners are working on some important topics over the next six months. These include urban growth management decisions (including a potential expansion of the urban growth boundary), determining natural areas resources, Metro re-districting, advancing our Community Investment Strategy, and working through the Oregon Zoo master planning process.

City By Choice. Members of CPO 1 are no strangers to the issue of governance, especially when the term “annexation” is mentioned. The question of how to best govern the Unincorporated Urban Area (UUA) has been deviling us for decades and to address it head-on, the group City By Choice (www.acitybychoice.org/) was formed. Led by Lori Manthey-Waldo, they will visit us to describe their vision and work accomplished to date, plus plans for the future.
