Oregon State University Family and Community Health faculty members provide three lessons each year. All lessons are developed, reviewed and taught by teams of Extension specialists, county faculty and study group members. Those who do not attend the leader training can pick up their copies at the Extension offices.

Four lessons are developed and taught by Family and Community Education (FCE) volunteers in Oregon or at the national level. Your FCE dues pay for printed materials, postage and other expenses related to these leader-training lessons. FCE trainers are responsible for disseminating the lesson materials to those who do not attend the leader trainings.

The county Extension offices provide meeting space. If there is a change in location, you will be notified by the Extension office. You are welcome at any of the lessons, but are encouraged to call in advance if you are not planning to attend in your home county. Multnomah county study groups may choose to attend either Washington county or Clackamas county for trainings. Attendance at Washington county is encouraged because of limited space in the Clackamas county office. Leader/teachers need to have program materials available for each study group for the two counties at the training site.

**In case of inclement weather, call the Extension office or listen to a local radio station for possible cancellation notices.**

TREASURER

Each Study Group treasurer received forms at the December Officers' Training meeting. There are also copies in the back of handbook. Call FCE County Treasurer or FCE County President if you have questions about the forms.
General Information About Dues

Each study group member is asked to pay annual dues of $28.50. These dues should be paid to the county treasurer no later than October 15. The county treasurer sends study group dues to the state treasurer no later than November 1.

Member dues support:

1. **Washington County Association for Family and Community Education**

   Your County Council uses its dues to pay for materials such as eye openers, flyers advertising programs, lessons, the newsletter and postage. Your dues also help the council plan programs such as the District X meeting and county programs. The Council has also used funds to support Extension home economics programs.

2. **Oregon Association for Family and Community Education**

   State Council is operated by volunteers and is not financed from Extension's tax-supported educational program funds. The $8 dues help with the expenses for:

   * Program of work committees
   * Officer materials
   * Travel expenses of district directors for two county visits per year
   * Board members' expenses for meetings (travel and room only)
   * Sending the State President to the annual meeting of National Association for Family and Community Education (NAFCE)
   * Paying dues to organizations to which State Council belongs
   * Stationery, stamps, and printing

3. **National Association for Family and Community Education (NAFCE)**

   Your national organization produces programs such as the “Window to the World” literacy project which enables groups and members to learn more about how to increase literacy in their community.

   The national organization sends every member the national magazine. Funds from dues pay for staff and underwrite meetings.

4. **Oregon FCE International Fund**

   An annually budgeted amount of Oregon FCE funds goes into an International Fund. This is used to send a delegate to the Triennial Meeting (once every three years). Delegates from 66 other countries come to this meeting bringing reports and problems from their countries and needs for Extension programs. These discussions help give us a better understanding and a feeling of closeness to distant countries. Our representative to this meeting shares with us pictures and reports about countries where ACWW meetings have been held - such as Ireland, Australia, Ceylon, Scotland, Norway, Kenya, and Germany.

   Associated Countrywomen of the World (ACWW) Dues. Those wishing to attend an ACWW Triennial Meeting must pay dues amounting to three years, $69. They will receive a quarterly magazine, “The Countrywoman.” Send dues to Oregon FCE treasurer. Checks should be made payable to Oregon FCE, and note whether a new membership or renewal.
Optional Contributions from Counties

OrFCE Scholarship Awards

- **K. Ethel Lathrop Award.** An existing OrFCE scholarship was named for K. Ethel Lathrop in 1953. Mrs. Lathrop was a member of the Jackson County Advisory Committee in 1918. She helped with the organization of the State Homemakers Council, now OrFCE, and was State President, 1939-1941. Mrs. Lathrop was ACWW chairman from 1942 until 1950. The last record found in minutes concerning Mrs. Lathrop is in 1959 when she went to the ACWW Triennial in Scotland. She did not go as a delegate because she was in failing health and felt she would not be able to report on the conference.

- **Eleanor Trindle Award.** This award was set up in June 1957 by the contributions of Extension unit members. The award was named for Eleanor Trindle, who was a home economics agent in Marion County before joining the state staff in 1951 as a state agent. Eleanor Trindle was an advisor to the State Homemakers Council Board. She died in 1956.

- **Esther Kirmis Award.** Esther Kirmis was an agent in Morrow County. On May 5, 1965, Morrow County presented a check for $650 to the council to establish the Kirmis Award Fund. First award was made in 1966.

The OSU foundation has administered the three scholarship funds since June 30, 1972. Award recipients are chosen by the College of Home Economics.

**Dollars for Leadership:** In 1971 NEHC established a Nickels for National Fund. Contributions from groups help pay the expenses of holding educational seminars from which members bring the latest information back to their states. Nickels for Leadership supports regional leadership training meetings.

**International Understanding** (Pennies for Friendship): One-half of contributions are used to finance an international project.

**Oregon 4-H Foundation:** Contributions help Oregon youth in the Japanese Exchange Program; County Innovative Grant Program; and Youth Leadership Development.

**Quarters for FCL (Family Community Leadership):** Oregon Association for Family and Community Education (OrFCE) has taken the first step toward permanent support of Family Community Leadership activities in the state. The council created an endowment fund and contributed the first $1,200 to the account in the Oregon State University Foundation. It’s important for people, particularly women, to be involved in determining public policy as it affects all of us, especially the family. Continuous contributions from OrFCE members keep the endowment fund growing.

**Washington County FCE Scholarship Endowment Fund:**

- A partial scholarship is awarded annually to a student attending the OSU College of Home Economics and Education. The student must be a resident of Washington County and a junior or senior majoring in Health & Human Sciences at Oregon State University. Donations to this fund may be directed to OSU Foundation, 850 SW 35th Street, Corvallis OR 97333. Make checks payable to OSU Foundation and note on memo line “Washington County Home Extension scholarship fund”.
