UPDATE - 86th Ave. Pump Station

Upcoming Construction Schedule
The city of Portland’s contractor, JW Fowler, will begin construction this month on the SW 86th Avenue Pump Station. The first construction activity will include:

• Installing traffic control at the entrance
• Erosion control
• Permit-approved tree pruning and removal on site
• Marking no-impact areas and trees that will not be removed
• Grading the site
• Installing the 12-foot temporary sound wall
• Setting up the job site trailer
• Excavation for structures

Continued on page 6.

UPDATE - Walmart Development

CPO 4M Update on Walmart Development in Tigard
At the July 24th meeting, CPO 4M continued discussion regarding the Walmart development, and voted unanimously to send resolutions expressing their concerns to the City of Tigard and to the Washington County Board of Commissioners. While the review of the development and conditions of approval are the jurisdiction of the City of Tigard, CPO 4M is bringing their concerns to both the City and the County due to traffic and public safety concerns which impact residents within the City of Tigard as well as residents of unincorporated Washington County.

Concerns raised by the CPO in the resolution include a desire for more transparency regarding the lack of public hearing process for an “unnamed applicant” in land use, the desire for increased protections of natural resources at the site, need for updated cost projections and traffic impact studies and public health and safety impacts.

This newsletter is printed on 30% recycled paper with soy ink.
Oregon State University Extension Service supports CPOs through an intergovernmental agreement with Washington County, the sole funder of the CPO Program. Extension CPO faculty provide information on land use and livability issues, resource referrals, and work with CPO members to increase understanding of public policy and decision-making processes. This newsletter is forwarded to you as part of OSU Extension’s support to citizen involvement in local government. Some of this newsletter’s content was developed by representatives of your CPO. Washington County administration, departments, and/or officials claim no responsibility, expressed or implied, for the content of this document. The information given herein is supplied with the understanding that no discrimination is intended and no endorsement by OSU Extension Service is implied.
August 13 Open House on Funding for Transportation Projects

Share your thoughts on how to improve the transportation in your community!

Do you have thoughts on how to improve transportation in your community? Help us decide which bike, transit, pedestrian, road and freight projects to fund in Washington County. The Washington County Coordinating Committee (WCCC) invites the public to attend an open house to be given the opportunity to review and comment on locally nominated projects seeking funding through Metro’s Regional Flexible Fund program.

**OPEN HOUSE** - Tuesday August 13, 5-7 pm
Beaverton Library, 12375 SW 5th St.

The Regional Flexible Funds program includes funds from three federal programs and is allocated every two to three years. During the current three-year cycle (2016-2018), the flexible funds program has approximately $94.58 million available for area projects ranging from regional trails to major road improvements. The WCCC is responsible for making a recommendation to the Joint Policy Advisory Committee on Transportation and Metro Council what projects to fund in Washington County.

Projects in Washington County are sponsored by the City of Beaverton, City of Hillsboro, City of Tigard, Tualatin Hills Park and Recreation District, and Washington County. Project descriptions can be viewed at www.oregonmetro.gov/rffa.

Anyone who would like to comment but is not able to attend the open house can send comments to Washington County Senior Planner Dyami Valentine at dyami_valentine@co.washington.or.us or 155 N First Ave., Suite 350-14, Hillsboro, OR 97124. Comments will be accepted through Thursday, August 22.

Two Options for Reporting Driving Safety Concerns

If you have concerns about drivers who speed, fail to stop at stop lights or stop signs, or commit other traffic violations, here are a few ways to take action instead of feeling angry or frustrated.

One option is the Dear Fellow Motorist Letter Program. A letter is mailed to the registered owner(s) of the vehicle, which has been reported by a witness to have violated one or more traffic violations including speeding, reckless driving, disobeying a red light or a stop sign, disobeying flashing red lights on school buses, violation of speed zones near schools. To make a report, you need to provide the vehicle license number and description and the date/time/location of the infraction.

The intent of this letter is safety awareness. Sometimes while driving, people are preoccupied with personal matters and are not attentive to safe driving habits. Receiving a letter from the Sheriff serves as a “wake-up call.” To report such violations, call the Crime Prevention Unit at 503-846-2579 24 hours a day.

A second option best used to address behavior observed on a regular basis at a particular traffic location is to make a report to the Traffic Complaint Program. You can file a complaint online at bit.ly/14fRBaz with the Sheriff’s Office Traffic Safety Unit who may follow-up by performing extra patrols in an area or setting up a speed-monitoring radar trailer on a street where speeding is a stubborn problem.

To address concerns about signs, speed bumps or traffic patterns in Washington County, contact the Land Use and Transportation Department at 503-846-ROAD (846-7623), Monday-Friday, 8 am - 5 pm, e-mail them at lutops@co.washington.or.us or use their online reporting form at http://bit.ly/18ENppm. Check out the traffic safety page at bit.ly/117vJMK, and sign up for an e-subscription for updates on traffic safety topics.

City of Tigard River Terrace Community Plan Update

A good way to stay informed throughout the planning process is to sign up for the project’s email notices for meetings, milestones, and input opportunities. Go to http://www.tigard-or.gov/subscribe/ and, under the Listserv links on the right, select River Terrace Community Plan. For more information, email riverterrace@tigard-or.gov or call 503-718-2421.

Upcoming Meetings

Stakeholder Working Group
Thursday, August 22, 6 pm, Tigard Public Works Auditorium, 8777 SW Burnham St., Tigard

Technical Advisory Committee
Thursday, August 29, 9 am, Tigard Town Hall, 13125 SW Hall Blvd., Tigard

The agenda items to be covered include:

- Commercial area study results
- A project management update with the latest details on the consultant contract and senior planner recruitment
- Public involvement process.

Meetings are open to the public.

86th Ave., cont.

Tree Removal - The Portland Bureau of Environmental Services (BES) must remove 28 trees, including the large oak tree, before pump station construction begins. The contractor will remove six of the 28 trees from the northwest corner of the Fanno Basin Pump Station site to allow construction of a diversion manhole. The contractor will not remove any trees in the wetlands on the north end of the property, along the existing fence line, the stormwater basin, or the protected floodplain area south of the property.

Upcoming CAC Meeting - The CAC (Citizen Advisory Committee) meets throughout the construction phase to provide BES with feedback. The ten-member CAC is comprised of neighborhood representatives and representatives from Clean Water Services and Tualatin Hills Park and Recreation District. Their next meeting is August 19th.

Outreach staff are available on the Fanno Creek Trail at SW 86th Avenue weekly to provide updates and answer questions on Mondays, 10 am - noon and Thursdays, 3 - 5 pm.

Sign up for project updates at www.portlandoregon.gov/bes/fanno, email fanno@portlandoregon.gov, or call Debbie Caselton at 503-823-2831. Updates will be provided on the construction hotline at 503-823-1312.

Walmart, cont.

Additionally, the resolution requests consideration of restricting hours of operation and sale of firearms, implementing policy restricting overnight parking and increasing workers’ protection to consider union support. Concerns about increased traffic flow through neighborhood arterials (72nd Avenue) and additional burdens on social welfare programs that typically augment Wal-Mart employee wage structures were emphasized.

See the Hot Topics section of the CPO 4M website for additional information: http://bit.ly/19O51T0.
OSU Extension Service Summer Opportunities and Events

Registration Now Open for Second Annual Small Farm School
September 7, 8 am - 4:30 pm
Clackamas Community College in Oregon City
19600 Molalla Avenue, Oregon City, OR 97045
Presented by OSU Extension Service

Small Farm School is an all day event for beginning farmers and small acreage landowners. Field and classroom workshops will address topics such as crop and livestock production, marketing, small-scale equipment, and soil and water conservation. Registration runs through August 23 or until capacity is reached. For more information visit: bit.ly/18Q1WPq.

Master Gardeners Demonstration Garden Classes Are Free and Open to the Public
OSU Extension Service Master Gardeners hosts classes on Tuesdays at the Demonstration Garden at the Washington County Fair Complex. Classes begin at 9:30 am and run 60-90 minutes. Just show up!

September 10/Mason Bees and Other Native Pollinators - Learn the life cycle, nesting habits and management of mason bees with Ron Spendal.

October 15/Geranium Cuttings for Propagation - Daisy Parquet will demonstrate how to take cuttings and to maintain them over the winter. Attendees may bring their own “old” geraniums.

November 12/Fall Rose Pruning - Learn how and practice with Bill Klug, pruning the 32 roses at the demonstration garden. Bring pruning tools and gloves.

For more information visit bit.ly/1aZwX4j.

Register for a Regional Equity Atlas 2.0 Free Workshop

The Regional Equity Atlas 2.0 (http://bit.ly/14gRb5v) is a research and education project to promote widespread opportunity for a stronger, healthier, and more sustainable Portland-Vancouver metropolitan region. It demonstrates that many communities do not have adequate access to the great opportunities our region provides, such as public parks, good transit, family-wage jobs, clean air, quality education, and healthy food. It exposes disparities in access to opportunities and health outcomes affecting people of color, low-income populations, and youth.

A free introductory workshop to the Equity Atlas 2.0 will be held on August 9th and 14th. The trainings are designed for users who are interested in an in-depth, hands-on introduction to the mapping tool’s features and capabilities. Capacity at each of the trainings is limited, and pre-registration is required. If you are interested in hosting a technical training at your organization or agency, email us for more details at scotty@clfuture.org. Workshop times and locations can be found at: bit.ly/15hqr9c.
Each active CPO is represented on Washington County’s Committee for Citizen Involvement (CCI), which has a focus including, but not limited to, citizen involvement policy issues. The next CCI meeting will be on August 20, 7 pm, at the TVF&R Community Room, 20665 SW Blanton St., Aloha. More info at http://bit.ly/11J3Pu5.

Meetings are open to the public.

Note: This meeting has already occurred. It is included here to provide you with information of potential developments within your CPO.

The City of Tigard has purchased 2 adjoining residential lots at 9852 SW 74th Ave. to develop a .25-acre pocket park “Senn Park”. The City would like to change the property’s use classification from residential to community recreation.

The community meeting was held on Thursday, August 1, 6:30 pm.

Note: This meeting has already occurred. It is included here to provide you with information of potential developments within your CPO.
