CPO 5 meeting minutes from 9/9/10

Thanks much to those of you that made it to our Sept meeting.

- Investigations Commander Marva Eberhard from Washington County Sheriff's Office and Manager Karleigh Mollahan from Washington County Community Corrections Center did a fabulous job presenting the information on the upcoming Renewal of the Public Safety Levy M-34-179. We not only learned about the benefits of that levy being renewed, but we also learned quite a bit about the widespread services provided for our public safety. We sure appreciated their presentation. You can learn more at www.co.washington.or.us/levies

- We also got a first rate presentation on the Renewal Levy for Countywide Library Services M-34-180 from Tualatin Library Manager Abigail Elder. This was her first presentation to a group on the subject and she did a fabulous job. It was an opportunity to better understand all the services provided us by our county libraries. You can learn more at www.wccls.org/levy

- Following those presentations, the group had a good discussion on both Sherwood and Tualatin plans, including those for their development of the Tonquin area. That brought in more discussion on the proposed quarry in the area. These issues and more continue to be covered in open houses and hearings through September. Two opportunities to learn more will be on Sept 21, 7pm at the Sherwood City Hall and the Tualatin Police Station on Sept 16, 7pm. You can always get more updates on opportunities to stay involved and informed by visiting both these cities' websites and the Metro website for information ongoing over the Tonquin Trails.

We will have a meeting in **October, meeting at the Sherwood location at 7pm on Oct 14th.** This will be the meeting where we are supposed to elect new officers and volunteer for different positions. Please plan to come with your intentions to be more involved with your CPO and bring friends and neighbors who want to stay informed and have a say in how changes happen in our communities.

Thanks again to all who attended and we'll see you next month. We're hoping to have a speaker for animal services provided by the county.
