Preface and Meeting Purpose
Citizen Participation Organizations 8 and 9 are jointly hosting this public forum. We will address Portland Metro’s Urban and Rural Reserves and Urban Growth Boundary (UGB) process and the recently approved House Bill 4078 crafted by the Oregon Legislature to resolve issues with the County’s reserves and UGB. On February 20, 2014, the Oregon Court of Appeals (Case #A152351) returned Metro’s Urban Rural Reserve Plan (Ordinance No. 10-1244B) acknowledged by the Oregon Land Conservation and Development Commission.

The public is welcome to join us. The CPOs will be provided accurate, current information about recent developments. We will facilitate an interactive discussion with community members and leaders to consider the implications to our regional land use process and community involvement, now and in the future.
