Stepping Up Foot Care in Later Life
Program Evaluation

We would like to know more about how your participation in our educational program has affected you. Please take a few minutes to answer these questions.

1. To what extent did the lesson increase your knowledge about the following?

Using the scale below, which number best describes your knowledge before and after the program?

<table>
<thead>
<tr>
<th>Nothing</th>
<th>A little</th>
<th>Moderate</th>
<th>A good deal</th>
<th>A great deal</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>2</td>
<td>3</td>
<td>4</td>
<td>5</td>
</tr>
</tbody>
</table>

BEFORE this program, my knowledge about the following was:
- Normal, age-related changes that contribute to the development of foot problems in older adults
- Common foot conditions that may affect the health of older adults
- Basic preventive steps to help care for and protect the health of feet in older adults
- Foot care resources

AFTER this program, my knowledge about the following was:
- Normal, age-related changes that contribute to the development of foot problems in older adults
- Common foot conditions that may affect the health of older adults
- Basic steps in caring for and protecting the health of older adults’ feet
- Foot care resources

2. Are there things you plan to do differently after today’s lesson?

Please return this program evaluation to your leader/teacher. Thank you.
