

# Streamside plan #2

Average slope - mixed wet/dry

Streamside Gardening  
Oregon State UNIVERSITY OSU Extension Service Yamhill County

Designed & Prepared by  
Carolyn M. Devine

This plan is for a streamside garden with an a gradual slope. The path winds through a woodland area to a bench where the stream can be enjoyed with the beauty of spring flowering camas, iris and ninebark near by.

-  sword fern
-  maidenhair fern
-  lady fern
-  deer fern
-  oxalis
-  wild strawberry
