

Dear Gardener,

Thank you for your interest in the Oregon State University Extension Master Gardener™ Program. This program prepares you to serve as a volunteer community educator, with training provided by OSU Extension faculty and regional specialists. The primary goal of Master Gardener volunteers is to provide research-based gardening information for the general public. To become an OSU Master Gardener, you must complete the training program plus 60 hours of volunteer service. Master Gardeners are strongly encouraged to continue volunteering with the Master Gardener Program and the Jackson County Master Gardener Association following the training. To maintain certification, Masters Gardeners must complete 30 hours of volunteer service annually.

Part one of the program consists of classroom training in botany, soil science, insect and disease management, horticulture, vegetable gardening methods, and more. Classes are held on Wednesdays from 9 am to 3:30 pm at the OSU Extension Auditorium at 569 Hanley Rd, Central Point. Students will also participate in a 3-hour weekly Practicum on a day of their choice. The Master Gardener Class and Practicum will run January 22, 2020 through May 9, 2020.

Part two of the program requires fulfilling 60 educational service hours. Of the required volunteer hours, at least 21 hours must be in the Master Gardener Plant Clinic, which operates in the Jackson County Extension Office and at the Growers' Market in Medford. Fourteen hours will be completed from the built-in Practicum sessions. You can then choose from several other options for the remaining 25 hours.

The cost of the program is \$300, which includes a copy of *Sustainable Gardening*, a comprehensive 500-page reference manual prepared specifically for the Oregon Master Gardener Program. Payment plans are available.

If you feel you will have difficulty attending all the classes and Practicum sessions or completing the 60 hours of volunteer time, you may wish to postpone the program until your schedule will permit full participation. Students who do not finish their volunteer time requirement will be billed for an additional prorated fee of \$10 per hour for every hour of volunteer service not completed.

Alternatives to the full Master Gardener Program include a non-volunteer option, which involves only the classroom and Practicum portion of the training, for \$700. Students receive a Certificate of Home Horticulture, but will not be certified as Master Gardeners. Completing the training on-line and then completing volunteer service is also an option. On-line program information is at <http://pne.oregonstate.edu/catalog/master-gardener-online>.

Please feel free to contact Erika Szonntag, OSU Master Gardener Program Coordinator with any questions. She can be reached at 541-776-7371, or erika.szonntag@oregonstate.edu.

Thanks and hope to see you in class!

The OSU Extension Master Gardener™ program is both an **educational** program and a **community service** program. A Master Gardener should be interested in learning more about gardening, but also must be willing and interested in serving as a community education volunteer, and be able to fulfill a volunteer commitment of 60 service hours over the 2020 season. Prior knowledge or experience is useful but not required.

Continued service with the Master Gardener Program and the Jackson County Master Gardener Association is strongly encouraged. Many graduates find close friends in the Master Gardener community as well as personal satisfaction and fulfillment in continuing community service.

1. Why do you want to be an OSU Extension Master Gardener?
2. What are your experiences and previous education in gardening and horticulture related subjects?
3. The Master Gardener program has learning opportunities for both beginner as well as advanced gardeners. Do you consider yourself a beginner or do you have in-depth experience, and consider yourself advanced? Please self which group you identify with, or provide your own category if you feel in between the two.
