Volunteer of the Month

John was nominated as Leader of the Month because “He is so patient and kind with his teaching in the Crook County Woodwrights Club.”

Hi I am John Riley leader of Crook County Woodwrights and Barnyard Shuffle 4-H clubs. I have been a leader for 14 years with livestock, but last fall we started the woodworking club. I have a passion for woodworking and wanted to share that with kids and help give them the confidence that they can build some amazing projects with some basic skills and the right tools. The focus has been learning how to use hand tools and the kids have been very patient while we are all trying to figure out the logistics of turning a one man shop into a place where multiple people can work at one time. Their first project is a Japanese style tool box, the kids are having a lot of fun building it. 4-H gives kids an opportunity to learn amazing life skills like finances, raising animals, commitment, hard work and the list goes on. It is such a unique program because there is a project for everyone and I love watching the kids find their interest and grow in their skills and knowledge of that project. Thank you 4-H for the opportunity to pair up kids with adults it helps both of us in the journey of life.

Nominate a club, leader, youth and friend of 4-H in the office!
