2019 National 4-H Beekeeping Essay

Submission Deadline: March 1, 2019

Each jar of honey reflects an unrepeatable combination of climate, soil, weather and flowers. Each state has unique honey varietals that beekeepers can market to their customers. Please identify one unique varietal to your state and discuss the flower’s uniqueness and how beekeepers can effectively market that varietal.

In your essay, please include a photo of the varietal’s flower, an interview with a local beekeeper who collects this varietal and a recipe that highlights the varietal.

Put on Your Thinking Cap!

An essential judging criterion is the scope of research you put forth in developing the ideas behind your essay—accounting for 40% of your score. The number of sources consulted, the authority of the sources and the variety of the sources are all evaluated. Personal interviews with beekeepers and others familiar with the subject are valued sources of information and should be documented.

Note that “honey bee” is properly spelled as two words, even though many otherwise authoritative references spell it as one word.

Eligibility:
The 2019 National 4-H Beekeeping Essay Competition is open to active 4-H Club members only.

Any 4-H Club member who placed first, second or third in previous years of the national competition is NOT eligible to win in 2019, however, state competition winners remain eligible to enter the national competition. Entered essays must encompass the designated topic only. There will be NO exceptions.

Competition Rules & Essay Requirements:

Any 4-H Club member interested in writing an essay should contact their local 4-H office for competition details. The state selection process must be completed through the 4-H system.

Failure to meet any one of the essay requirements will result in disqualification.

- Essay requirements for national judging: o Essay must be typewritten or computer-generated on single-sided pages and formatted following standard manuscript format using double-spaced type and 12pt font in legible font face.

- Essay must encompass the designated topic in 750 to 1,000 words.

- All factual statements and interview references must be cited in a “resources” or “bibliography” list.

- Essays will be judged on (a) scope of research, 40%; (b) accuracy, 30%; (c) creativity, 10%; (d) conciseness, 10%; and (e) logical development of the topic, 10%.

- On a separate page, please include a brief biographical statement of the author including mailing address, email address and telephone number.

  • Each state may submit only ONE entry.
  • Deadline for national submission: March 1, 2019
  • National winners will be announced: May 6, 2019
  • Second Prize: $500
  • Third Prize: $250

The Perfect Pie Crust

Ingredients:
- 12 tablespoons (1 1/2 sticks) very cold unsalted butter
- 3 cups all-purpose flour
- 1 teaspoon kosher salt
- 1 tablespoon sugar
- 1/3 cup very cold vegetable shortening
- 6 to 8 tablespoons (about 1/2 cup) ice water

Instructions:
Dice the butter and return it to the refrigerator while you prepare the flour mixture. Place the flour, salt, and sugar in the bowl of a food processor fitted with a steel blade and pulse a few times to mix. Add the butter and shortening. Pulse 8 to 12 times, until the butter is the size of peas. With the machine running, pour the ice water down the feed tube and pulse the machine until the dough begins to form a ball. Dump out on a floured board and roll into a ball. Wrap in plastic wrap and refrigerate for 30 minutes.

Cut the dough in half. Roll each piece on a well-floured board into a circle, rolling from the center to the edge, turning and flouring the dough to make sure it doesn't stick to the board.

Fill as desired and bake.

Candy Cane Fudge

Ingredients:
- 2 (10 ounce) packages vanilla baking chips
- 1 (14 ounce) can sweetened condensed milk
- 1/2 teaspoon peppermint extract
- 1 1/2 cups crushed candy canes
- 1 dash red food coloring

Instructions:
Line an 8 inch square baking pan with aluminum foil, and grease the foil.

Combine the vanilla chips and sweetened condensed milk in a saucepan over medium heat. Stir frequently until almost melted, remove from heat and continue to stir until smooth. When chips are completely melted, quickly stir in the peppermint extract, food coloring, and candy canes reserving 1/2 cup for the top.

Spread evenly in the bottom of the prepared pan and sprinkle with remaining 1/2 cup on top and gently press down. Chill for 2 hours, then cut into squares.
2018-19 Shooting Sports Season

The 2018-19 Oregon 4-H Shooting Sports Mail-In Tournament Season will kick off with Archery in November. All the other disciplines will start in January. By using the shooting sports disciplines to teach valuable life skills, youth are set up for success. While competition is a part of that process, it is not the whole process. The foundation of 4-H Shooting Sports is positive youth development. Education comes first, followed by recreation, and then competition. In the Mail-In Tournament, as in all 4-H activities, it is about the youth first and then the project. 4-H shooting sports promote and enhance life competencies that make our community’s youngest citizens open to challenge and discovery, feel they have a sense of purpose, affirm the importance of something greater than themselves, accept personal responsibility, feel positive and optimistic, and be able to set and achieve realistic goals. Youth in 4-H Shooting Sports are on a trajectory to do better in school, make healthy choices, be socially competent, develop personal standards, connect and contribute to others, and take fewer risks on their way to making a successful transition to adulthood.

Oregon 4-H Shooting Sports Ambassadors

The state 4-H shooting sports ambassador program is designed to promote 4-h and 4-H shooting sports. Youth selected to serve as ambassadors receive training that will allow them to advocate for the program at county, regional, and state levels. Some ambassadors are asked to support state events as well.

Ambassadors provide public relations support at special events such as donor/sponsor functions and also serve as spokespersons for the 4-H shooting sports program, helping to make 4-H and the 4-H shooting sports programs more visible. The ambassadors further develop their skills in leadership, public presentation, citizenship, community service, public relations and team building.

What’s New in Dog!

This year we will be making some changes to the knowledge part of the Dog Program.

We will be having all the animal knowledge contests, with the exception of horse, on the same day. We have also added a new contest this year, Dog Bowl. For those not familiar with how bowls work, they are similar to the game show Jeopardy. Youth are asked questions relating to Dog and they receive points for correct answers and lose points for incorrect answers.

Dog judging and Dog bowl will be held on Saturday, February 9th. Dog judging will be similar to how it has been done in the past. Dog bowl questions will come from your Dog project book and the Dog Obedience, Showmanship, and Contest Guide.

New this year at the State Level: Dog has been added to the Spring Classic.

What’s New in Small Animal!

This year we will be making some changes to the knowledge part of the Small Animal Program.

We will be having all the animal knowledge contests, with the exception of horse, on the same day.

We have also added Poultry/Pigeon Bowl and Rabbit/Cavy Bowl. For those not familiar with how bowls work, they are similar to the game show Jeopardy. Youth are asked questions relating to their project area and receive points for correct answers and lose points for incorrect answers.

The judging contest will be slightly different than we have done in the past. Poultry will have a judging contest and Poultry and Pigeon will have a bowl. Rabbit and Cavy will have a judging contest and bowl.

During the judging contest for poultry, youth will judge eggs, poultry, and ID poultry parts. The Poultry/Pigeon bowl will pull questions from 4-H Market Broiler, the National 4-H Poultry Judging, 4-H Pigeon and Dove project book, the Poultry Project book, and the 4-H Poultry Showmanship book.

The judging contest for Rabbits and Cavy will be similar to what we have done in the past, except there will not be questions on Poultry or Pigeons. The Rabbit/Cavy bowl will pull questions from the Rabbit project book and the cavy project book.

At its simplest, livestock judging consists of two parts:

1) Placing a group of animals

The placing of a class lets you place the animals in order of your idea of how they compare to the perfect, letting you prioritize and strategize as to the final placing of the animals.

2) Orally justifying your decision

Oral reasons, often causes more anxiety. But, if you are prepared, reasons are an exciting chance to share your thoughts and priorities with an expert, allowing him to judge your reasons.

Livestock judging has the additional benefits of teaching you about decision making, public speaking and self-confidence. Building skills will help you in every other area of your life, now and in the future. Plus, you will have the opportunity to meet industry leaders as well as others, like yourself, that are tomorrows industry leaders.

Horse Judging/Hippology Contest

Sagebrush Arena

Horse Judging is a contest opportunity for you to test your skills judging conformation and performance horse classes against an official judge. It’s also an opportunity for statewide and national contest participation. Judging contests are life skill building, regardless of what you are judging—selecting and ordering horses and/or performances, explaining why you chose them that way—processing and decision making.

Hippology is a fun contest that tests your individual equine knowledge about anything equine. Including feed, first aid, breeds, colors, markings, tack and equipment, general health and so much more. Don’t miss this opportunity to test your knowledge. This is also an opportunity for statewide and National competitions. Study up and join us! Always a fun contest—don’t miss out.
