4-H AND FFA AUCTION RULES

EXHIBITORS

1. All 4-H and FFA members currently enrolled in an Oregon 4-H or Agriculture livestock project are eligible to enter the EOLS Junior Auction classes.
2. Potential exhibitors must pre-register for the EOLS by published entry deadline.
3. Exhibitors are allowed to sell **one** market animal.
4. Exhibitors are required to show in at least one showmanship class. This animal may be a market or breeding animal which is entered in the show.
5. Any animal shown in either a 4-H or FFA market class and deemed eligible for sale at the Eastern Oregon Livestock Show Auction, **MAY NOT** be shown in any future market classes in any show. EOLS is a **Terminal Show**. *Any animal purchased through the sale is NOT eligible to be shown in any market classes ever or breeding classes until the following year.*
6. All market animals must meet the guidelines within the 4-H and FFA Premium Books as well as the rules stated within these auction rules to be eligible to sell.
7. All Exhibitors are required to complete & submit at weigh in:
 - a. COOL Form - USDA Country of Origin Affidavit *prior* to or at weigh-in, verifying the animal was bred and born in the USA.
 - b. Market Health Record - form stating dates and names of all vaccinations animal has received. (available on the Union County 4-H Extension Website <https://extension.oregonstate.edu/4h/union/eastern-oregon-livestock-show>).
 - c. E-slips (for market steers) – Brand Inspection certificate showing change of ownership.
(Note: Exhibitors should also have received a COOL form completed by the original breeder verifying the animal origin - this should be kept in the exhibitor's record book.)
8. Only animals exhibited in the regular market classes at this show may be sold through the Auction. Each exhibitor must personally show their market animal in the appropriate market class.
9. Exhibitors must personally sell their own animal in the auction ring. Special situations may be considered with written application. A letter must be written and delivered to 4-H Agent or FFA Advisor by **May 1**. The letter will then be forwarded to the Auction Committee with a recommendation, then to EOLS Executive Board. (rarely are exceptions given)!
10. All members showing market animals in the EOLS Junior Auction are strongly encouraged to promote the Auction and the purchase of animals. Templates for letters and an Auction marketing flyer are available

for members to use and share with potential buyers. While promoting, members should avoid specifically asking buyers to purchase their individual animal.

REGISTRATION AND CHECK

1. Market animals must be weighed between 1:00 p.m. and 7:00 p.m. on Wednesday of the show. Animals should weigh upon arrival at the stock show grounds.
2. In case of extenuating circumstances, owners of any animals that need to arrive before 1:00 p.m. MUST have written permission from the Union FFA Advisor for FFA animals or the Union County 4-H Extension Agent for 4-H animals acknowledging the reason for early arrival. These animals shall be stalled and must weigh as soon as the scales open at 1:00 p.m.
3. If there is an emergency regarding late arrival for market animal weigh in, individuals must call the EOLS Office at 541-562-6237 to obtain approval for late arrival. Permission must be obtained from the 4-H Agent for 4-H exhibitors or from the FFA Superintendents for FFA exhibitors.

WEIGHT REQUIREMENTS

1. **Official Sale Weight** - The official sale weight shall be weight upon arrival less a 2% shrink. *Only one weight will be permitted.* Any re-weigh requested must happen immediately. Animals will exit the scale, scale will be zeroed and animal will be reweighed.
2. Exhibitors may bring two animals (same species) to weigh in. The first animal to make weight across the scales will be considered the animal entered in the EOLS market class. Second animal must leave the grounds unless it is a ewe lamb or doe kid and can be entered in a breeding class. All animals must be clean and dry before crossing the scale. Hogs must have excess mud brushed off.
3. Weigh in conditions are identical between 4-H and FFA. 4-H animals will weigh on the 4-H scale; FFA animals will be weighed on the FFA scales. If the animal weight is in question, the animal will be taken off the scale, the scale re-balanced, then the animal re-weighed immediately. That weight will stand. Prior to the show, scales are checked and certified by State Weight and Measures Division.
4. **Minimum/Maximum Weight** – To be eligible to sell in the Auction, market animals are required to fall within an optimum weight range for their species. Animals must weigh at least the minimum weight while not exceeding the maximum weight. (See table below). The weight that will be shown on the Sale Order will be the “official sale weight” as defined in the above rules of the “Weight Requirements” section.
5. **Weight Requirements** – Market animals will be weighed on the official

scales and must meet the minimum/maximum weight requirements for their species to be allowed to sell in the auction. The official sale weight shall be weight upon arrival less a 2% shrink of the first official weight off the scale. If a re-weigh is requested the animal will step off the scale, the scale will be rebalanced the animal will immediately re-weigh and that weight will stand.

6. Market animals not making the minimum weight or going over the maximum weight will NOT be eligible to sell through the auction but are allowed to be shown in a feeder or over-weight class and showmanship class to allow exhibitors to still compete at the show. Exhibitors of under/overweight animals may add their animal to a potential buyer list in the 4-H office in case there are after auction buyers available. No sale flyers are allowed to be posted. However, the auction is not responsible for the sale of these animals or for their care.

| | Min Weight | Max Weight |

SALE ORDER

1. **Individual animal order** – Sale order of individual animals is determined by conformation and champion drive placings. Class placing will be based upon quality (grade) and market class placing. Within each species the first to sell will be the highest placing animal with the highest grade classification (indicated by blue or red ribbons). Animals receiving a white ribbon for grade will not be allowed to sell. Within each grade classification, sale order will alternate between 4-H and FFA participants as appropriate.
2. **Overall Show Champion of Species** – An overall species champion of both 4-H and FFA shows will be the first animal to sell in the specie sale order, followed by the Champion and Reserve Champion of the Divisions (per rotation as defined in the program order below).
3. **Sale order of species** – Sale order will be determined by auction committee and published in the official sale catalog.
4. **Program order** – 4-H and FFA will alternate every year as to which program member will be the first to start the auction. FFA will go first on even years and 4-H will go first on odd years.

5. **Sale Order** – The official sale order is posted one day prior to the EOLS Auction by the Auction Committee. It is the responsibility of the member to be aware of their place in the order and be in line and ready for their rotation into the auction. Any members missing their rotation will not be allowed to sell in the auction at a later time.
6. Under and over animals can be sold privately, AFTER the auction.

SALE REQUIREMENTS

1. All animals meeting the weight limitations will be evaluated by a qualified judge who will estimate if beef will grade select, choice, or prime; if sheep will grade choice or prime; if hogs will grade US 1 or 2 or if goats will grade choice or prime. **The Judges decisions are final.**
2. All market lambs and goats grading choice or better must be sold through the Auction. Steers grading prime, choice or select must sell in the Auction. Market hogs grading 1 or 2 must sell in the Auction. Lambs and goats grading below choice; standard steers and utility hogs will receive a white ribbon and will not be allowed to sell.
3. Transfer of ownership takes place at the time of the sale. All Exhibitors will care for their market animals through 6:00 p.m. Saturday night. If your animal is a "Pickup or Take Home Animal", please water your animal once that species has completed selling. **All pickup/take home animals must be checked out with the Auction Office before loading.** The Auction Committee will assist in loading out of the animals. All animals should be off the grounds before 7:00 pm.
4. **Market Steer Requirements** - Change of Ownership Slips (E-slips not transportation certificates) must accompany all market steers and must be presented to the weigh master at weigh in time. Steers will not be allowed across the scales without the appropriate transfer slip in hand, there will be no exceptions. *(These forms should be completed at time of purchase and signed by original seller.)* Market steers must be dehorned and healed. A maximum of 2 inch scurs are allowed. Measured at the base of the scur.

All resale steers (both 4-H and FFA) will be sold on carcass and yield grade. Any discount taken or premium paid by the re-sale packers will be passed on to the exhibitors. This means that the exhibitor will be paid on carcass quality plus the premium the buyer bids above market price. Market steers going for re-sale may be charged a feed lot fee for approximately one week if arrangements are made in hopes to prevent "dark cutters." Exhibitors that sell steers to buyers of locker meat will be paid total price bid on animals using the live grade. All market steers sold as custom kill at the auction must be left tied with a rope halter at least 3/8-inch in diameter in the areas designated for the Custom Kill Processors. All Exhibitors will care for their market animals

through 6:00 p.m. Saturday night. All re-sale steers will be turned loose in the location stated by the Auction Committee.

5. **Market Goat Requirements** – It is recommend that market goats be dehorned. If not; horns must be tipped or capped. If an exhibitor chooses not to follow this recommendation they will be responsible for any discounted price imposed by packer as a result of injury to other animal (by horned animal) or due to horns on their animal. Discount will be deducted from exhibitors check.
6. **Animals Condemned at Slaughter** - If an animal is rejected, condemned, or discounted in the slaughter process for any reason, the final buyer would have the option of accepting the floor price of the animal or a comparable worth in meat (if custom killed). *The exhibitor would assume this loss.*
7. There will be no decorating of sale animals.

8. Due to recent trade agreement restrictions between the United States and China the domestic packers who purchase the market swine at the Eastern Oregon Livestock Show Junior Auction WILL NOT accept any hogs who have been fed the feed additive Ractopamine.
