

October 1, 2020

T-Time on Thursday this week, just because it has been one of those weeks.

This coming Monday would have been our regularly scheduled Project Leader Meeting where we would talk about enrollment, hand out information, etc. Due to many reasons, we will not be holding a meeting on Monday.

- Our 4-H Online enrollment system is still not up and running for the new 4-H year
 - Every county will be enrolling online this year, due to COVID, which has slowed the process
- Once enrollment is open, we will let you know
- Statewide, things are running behind schedule, due to COVID
- Please be patient as we wait to get information to you as it comes to us
- We will be scheduling a virtual informational meeting for later in the month
 - Our hope is that we can have all the information for you in about two weeks...HOPE is the key word here

Clubs and leaders, a reminder you must meet with me (Teresa) to go over the resumption plan before you can meet. Each club needs to schedule a time to meet and all leaders in the club need to be there. ZOOM meetings are preferred, but if it the group is small, enough we could possibly meet in person. Emails were sent out a few weeks ago to all leaders with the information.

The Final State Animal Science Challenge results are in and we had two Douglas County members who placed in the Overall Contest Winners. From our State Animal Specialists *"This contest stretched literally over months, including everything from horses to cats and reptiles to livestock.... It's a significant effort these youth put in hanging in there weekly and bi-weekly often completing, 5-8 tests per week. Congratulations to all who participated and special recognition to the following.."*

Cheyenne Beam who placed 5th in Juniors

Maggie Wheaton who placed 4th in Seniors.

Great job, Ladies 😊
