Middle School Virtual Invention Camp—iINVENT

iINVENT is a FREE virtual summer camp for incoming 6th, 7th, and 8th grade students. Invent while meeting college students, connecting with new friends, and learning all about OSU! iINVENT is a virtual program designed to be completed in one week, two weeks, or three weeks depending on your family schedule! Each week begins a new cohort of students, and the last cohort begins August 10.

Work with OSU college students as invention mentors who will guide you in creating something that enhances the quality of life of someone else. You will select a user for your invention project, work with a college mentor, meet new friends, and gain access to exclusive engineering design challenges and college connection events provided by an official Oregon State University course webpage. Become an inventor, meet college students, and learn about Oregon State University!

More information and instructions to register can be found on the OSU website: https://precollege.oregonstate.edu/be-inventor-iinvent
The record book deadline is quickly approaching!

**Record books are due to the OSU Extension Office Friday, August 7th by 5:00 pm.**

Due to the ongoing circumstances with COVID-19 and the limited amount of in-person meetings, office closure and contact with people, we have developed two Record Book submission options this year.

If you need assistance with your record book, please attend one of the scheduled record book workshops. During these workshops, you will learn how to assemble your record book, how to fill out your 4-H resume and work on your pictures and clippings pages.

Record Book Forms are on the [Lake County Extension Website](#) and [State 4-H Youth Development Website](#).

Are you missing Summer Conference?
Watch these inspiring videos!

Watch these five videos produced by John Beede specifically for Oregon 4-H. Mr. Beede has twice been the keynote speaker at Summer Conference and received rave reviews both times. These videos address different aspects of dealing with the coronavirus pandemic. As one of the state ambassadors said, “the videos are no replacement for his amazing presentations at Summer Conference, but I think that his infectious positivity is really important right now.”

Wanted: Volunteers

We are seeking volunteers to assist with record book judging. This would be during the day on August 10 and 11. Please contact Melissa Maxwell if you are interested in volunteering.

Community Service Projects

Once your clubs are ready to meet again in-person, a community service project would be a great way to show your pride and make a difference in our community.

If you are interested in community service ideas, please contact the Lake County Extension Office for project ideas that have been brought to our attention. 541-947-6054
In lieu of a 4-H State Fair, the Oregon 4-H program is planning to showcase members’ work via Virtual Galleries. For instance, there will be a 4-H Art Gallery where photos of projects created by 4-H members will be featured. This is a showcase; no judging will occur.

State Fair for Animal Science: Showmanship Contest

Registration is open for this new and different showmanship contest. To be held during dates previously utilized for Oregon State Fair competition, this is an event like you haven’t seen before AND it should be a lot of fun. Participants have the opportunity to shine, share their knowledge, and their animals in this fun contest. Minimal rules, some great conversation, and a demonstration of pride in your 4-H project(s).

Ranch Horse Skills Invitational

This in-person event planned for September in Redmond is, unfortunately, canceled in an effort to keep all communities safe and healthy. A new Ranch Horse Skills Virtual Experience contest has been developed. An event that will test your ranch horse savvy in lieu of this year’s Ranch Horse Invitational.

The 4-H Lake County Kids Run Virtually program had 20 participants complete this running program. They made an incredible effort to run and stay active for five weeks during May and June while staying home. Even after the running program was completed, some of the kids developed the habit of running and have continued to stay active. Participants received a certificate of completion and running t-shirt at the end of the program. Although we were never able to meet as a group due to the COVID restrictions on 4-H programming, they were determined to keep running at home.

4-H Opportunities Meeting

Many 4-H members don’t always know of or understand the many opportunities available for 4-H members. As part of Alyson Yates’ 4-H State Ambassador Project, this meeting will be informing members of the many opportunities that are available to members.

Alyson will talk about the following in her meeting:

- 4-H Regional/State Events
- State Ambassador Team
- National 4-H Congress & Conference
- State 4-H Scholarships and Awards

Due to COVID-19 restrictions on the number of people allowed in the Extension Conference Room, RSVP is required. (Subject to change to virtual format)
