Trouble distinguishing white and black oaks? Wondering if that huge cedar is an incense, Port-Orford, or Western red? The more you know about your trees, the better you can care for them and improve their overall health. This workshop will give you all the tricks of the trade to identify the native trees in Douglas County – even the look-a-likes! We will also discuss the tree's life characteristics, so you know how to give your trees what they need to stay healthy.

*This class is for adults and teens only. Please, no dogs.*
